## Introducing "Takami" - Your Go-to Oversized Clothing Brand

At "Takami," we specialize in oversized clothing that embodies a minimalist and zen style. **Our brand is deeply rooted in Japanese urban and modern culture, drawing inspiration from Anime, manga, street food, cyberpunk, and the vibrant streets.** We pride ourselves on catering to our clients' unique preferences, offering customized designs for bulk orders.

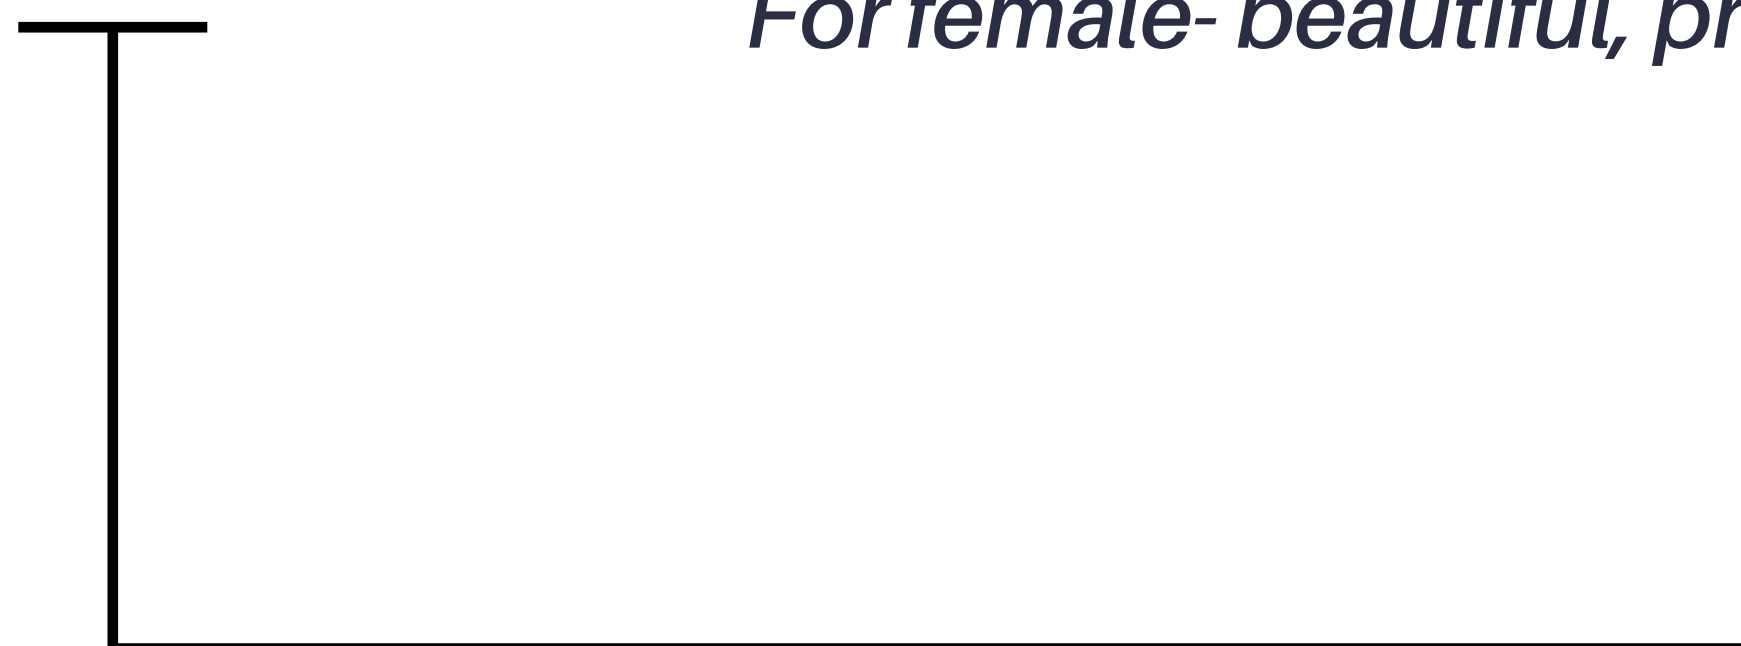

**Our target audience ranges from 15 to 40 years old,** catering to high school students who seek distinctive outfits to stand out from the crowd, as well as middle-aged individuals who value both comfort and style.

**When it comes to our branding, we aim to showcase a sense of modernity and stability that transcends time.** We want our logo to be versatile, suitable for various surfaces such as tags, packages, cards, and more. Ultimately, our goal is to align our visual identity with our business objectives.
